WELCOME FROM CAROL MCLEOD

Happy Birthday, my friends!

Whether this is your first “Carol McLeod Ministries’ Conference” or your 20th, we are thrilled to have you here as you join in the grand celebration of all that God has done in the lives of women through this annual event.

Not only will we be looking back in awe and wonder at the handiwork of God over the past 20 years, but we will also be changed forever by the matchless, unchanging Word of God as we record my new Bible Study, *“Overflowing – Living Abundantly in a Broken Culture.”*

Kelly Jankowski will be leading in worship as we enter in with our whole hearts and declare that Jesus is Lord and that He is enough.

Monica and Angel will be guiding us through the weekend with announcements, their own sweet brand of fun, and their sincere hearts. I can’t wait to see what they have dreamed up for this year.

As always, we are providing personal prayer ministry throughout the conference. Come forward for prayer after a session or spend some time in the prayer room and just experience the sweet presence of the Lord.

The Word of God is the main course for every one of our conferences, and I hope that you came ravenous – because you are about to filled to overflowing! As you walk out the doors on Saturday afternoon, you will be overflowing with joy, wisdom,

direction, and peace.

We have been praying for you for months and believe that God has something specific and personal for each of you. Our hearts’ desire is that you would know Him in His fullness and power and finally realize that He is enough – He is more than enough!

Please read through every page of the “Overflowing” conference booklet so that you don’t miss the teaching notes, the prayer request page, the mailing list sign-up, the coupons, the sponsors, and other opportunities that are in the booklet.

I hope that you enter into worship with every fiber of your being. God often speaks the loudest to me when I am singing my heart out to Him. I have discovered over the years that an internal healing happens when I choose to worship in the middle of human pain.

The emotional stability of your life, your ability to hear from the Lord and the possibility of a miracle are all birthed in your determination to worship the Lord through every storm and in every season. As your heart overflows with worship to the One who made you, His very presence will splash onto the world around you.

I have asked the Lord to speak to each one of you personally and that your hope would be restored as the flame of your faith bursts into life.

Again – thanks for joining us! I can’t wait to see what surprises the Lord has in store for us!
